BRAND KIT · START HERE

Welcome to your brand, Claire.

Everything here is built from you: your silhouette, traced from a photograph of you playing; colours taken from the skies you chose; and the line *A moment, held.* Open the brand guidelines first, then use this page to find the right file.

WHICH FILE DO I NEED?

Posting on Instagram	05_Social-Media: post, story and highlight templates; profile picture
Your website header	02_Logos/02_Horizontal/SVG: FullColor_OnLight (light pages) or _OnNight (dark)
Ordering business cards	06_Print/Business-Card: send the PDF as is; it has 0.125 in bleed, trim to 3.5 x 2 in
Gold foil, embossing, engraving	02_Logos/*/SVG or PDF: the OneColor_Halo-Gold (foil) or OneColor_Black files
Printing at home or office	06_Print: letterhead and services one-sheet, US Letter
Sending to a printer or designer	02_Logos PDF or SVG (vector), plus 03_Color/Strings-of-Light_Palette.ase
Email signature	07_Digital/Email-Signature: follow HOW-TO-INSTALL.txt
Website icon and link preview	07_Digital/Favicons-and-App-Icons and Website: follow HOW-TO-USE.txt
End of a reel or video	08_Motion: the logo animation, story or square
Anything with words	01_Brand-Guidelines: voice, facts that never change, type sizes

FILE TYPES

SVG / PDF: vector, any size, for print and designers. **PNG**: transparent background, for apps, Canva and the web (L = large, M = medium, S = small).

THREE RULES

Never retype "Strings of Light" in a font: use the logo files. Use the file made for the ground (OnLight / OnNight). Credit photographers wherever their photos appear.

A moment, held.
